

Crows.

Arrived home just in <sup>6/23/40</sup> time to hear the Osprey finish its evening call at 7:23 P.M. Always favors a particular dead twig in top of weeping willow tree. Caught several insects in air tonight using its perch as base of operation.

400623-103

Crows,

Red Biddulph took another 50' of Kodachrome of the crane in its nuptial dance at about 8:45 A.M. in back yard. <sup>6-25-40</sup>
