Six day trip to Granddaddy Lake. Burnett Culbertson, Mil, Ray, Cubby, Mary, Dad, mother and myself made trip. As usual the highlight of the trip was the unexcelled fishing supplied by the many different lakes of the region. Trip mainly for pleasure but made an occasional note along the way. Left Provo at 6:30 P.M. and arrived at Savage Ranch at 10:22 A.M. Enroute recorded the percent frequency of birds and mammals observed.
