

6:47 A.M. Pelican from the north and hit 400921-161
group of gulls. This invariable happens ^{on NW side among} when a small group
of gulls will influence the place that a group of pelicans will
choose.

6:50 A.M. 4 ducks from the south. 3 pelicans flying north in
center of lake.

6:51 A.M. 4 pelicans flying north in center of lake. nearly all
pelicans fly just above the water. One lone pelican, however
and a little later flew high.

6:52 A.M. The pelican that alighted first here left to the
north.

6:54 A.M. 9 ducks from the south flying along the shore to the
north

6:55 A.M. 49 " " " " " " " " " " " " " " " "

7:00 A.M. Counted 320 western Grebe from a point directly south
to a point directly north across the western waters. These grebe
are continually heard and can be seen from the shore to
a far distance out into lake. While they are mainly found
generally distributed, they are also found in small groups. Early
in the morning the grebe are found close to the shore line
but later move out into lake away from the shore.

7:03 A.M. 5 pelicans flying as those of 6:40 A.M.

7:04 A.M. group of 2-3-5 ^{pelicans} as of 6:40 A.M.

7:05 A.M. " " " " " " " " " " " " " " "

7:06 A.M. 15 ducks from the south flying north along the shore

7:06 A.M. 12 pelicans flying as of 6:40 A.M.

7:08 A.M. 4 " " " " " " " " " " " " " " " " " " " " 2 ducks from the
north arrived here. Only three group of migrating swallows this
morning.

7:14 A.M. Can see great strings of pelicans moving up west side of
lake. They were at such a distance and mirage effect so interfered
with vision that did attempt to count. These birds were
no doubt ^{some of} those that normally flew up center of lake.

7:15 A.M. 5 ducks from the south along shore line.

7:19 A.M. groups of 4 and 3 ^{ducks} flying north in center of lake.

7:19 A.M. 10 ducks flying north along shore

7:21 A.M. 10 " " " directly overhead going south

7:22 A.M. groups of 1-10-17 pelicans as of 6:40 A.M.

7:22 A.M. Pelican left from shore to north. These are the only two
pelicans that patronized this resting grounds this morning.

7:26 A.M. Pelican flew by from the north but did not alight.

7:30 A.M. 1 pelicans as of 6:40 A.M.

7:32 A.M. 2 duck flying south along the shore

7:38 A.M. " " " " north " " " " " " " " " " " " " " " " " " " " "

Great Blue Heron on shore line to east generally distributed

7:41 A.M. 2 pelicans as of 6:40 A.M.
