

Well, since then I have gathered quite a little list of feathers - here are some of them.

- 1 *Ardea herodias farrini*
- 2 *Anas platyrhynchos platyrhynchos*
- 3 *Buteo swainsoni*
- 4 *Buteo borealis calurus*
- 5 *Falco sparverius sparverius*
- 6 *Accipiter cooperii*
- 7 *Ceryle vociferans vociferans*
- 8 *Numenius americanus* - WOW - no doubt of it either
- 9 *Pica pica hudsonia*
- 10 *Circus hudsonius*
- 11 *Corvus corax hesperis*
- 12 *Turdus migratorius purpurinus*
- 13 *Colaptes cafer collaris*
- 14 *Merula columbiana*
- 15 *Pipilo fuscus fuscus*
- 16 *Phasianus colchicus torquatus*
- 17 *Chrysolophus mexicanus frontalis*
- 18 *Hesperiphona hesperina brooksi* (subspecies?)
- 19 *Dendroica auduboni auduboni* - just last Sunday - 5-16
and did he look good
- 20 *Sturnus meunsi* - for pretty sure
- 21 *Sturnus hernalis* - not so sure by any means
- 22 *Euphagus cyanocephalus*
- 23 *Proccetes glaucocephalus* - can't remember the this.
- 24 *Melospiza melodia ~~melodia~~ fallax*
- 25 *Megascops alcyon carolina*
- 26 *Spinus pinus pinus*
- 27 *Coturnix coturnix grinnelli* (?)
- 28 *Agelaius phoeniceus*
- 29 *Arundo erythrogaster*
- 30 *Tachycineta thalassina lepida*
- 31 *Lophia curvirostra bendirei* - probable (see record)
- 32 *Sialia currucoides* - can't leave him out - he's as pretty as all the rest
- 33 *Myadestes townsendi* - I think, but his wing bars were colored like the bars on a varied thrush. You tell me and we'll both know.
