A year ago I took the name
you gave solemnly with you
and with ^{heart} that gift yours
tangles of life
wisdom the world could
never impart!

Eagerness for the coming
day,
Dreams becoming realities,
Patience tolerance, lasting
faith!
could there be greater gifts
than these?

Perhaps in all the coming years
when life will ever fall to be,
I can best turn to you - small
measure and joy yours brought
of peace to me!
