

traps 59-64 uneffected; trap 65 sprung; traps 66-69 uneffected; trap 70 sprung; traps 71-81 uneffected; trap 82 *Microtus ochrogaster* 18-2-23-48; traps 83-86 uneffected; trap 87 sprung; traps 88-90 un-effected; trap 91 sprung; trap 92 uneffected.

From research area 3-2-22-48 collected:

93	<i>Reithro</i>	19-2-23-48	103	<i>Peromyscus</i>	28-2-23-48
94	"	20-2-23-48	104	uneffected	
95	"	21-2-23-48	105	<i>Peromyscus leucopus</i>	29-2-23-48
96	"	22-2-23-48	106	" "	30-2-23-48
97	"	23-2-23-48	107	" <i>manic.</i>	31-2-23-48
98	"	24-2-23-48	108-114	sprung	
99	"	25-2-23-48	115	<i>Geomys bursarius</i>	32-2-23-48
100	uneffected	±	116-118	sprung	
101	<i>Reithro</i>	26-2-23-48	119-121	uneffected.	
102	<i>Peromyscus manic.</i>	27-2-23-48			

Inspection research area 4-2-22-48: 5 sprung traps and no mammals.

Inspection research area 5-2-22-48: From traps 141-184 took the following:

<i>Peromyscus leucopus</i>	32-2-23-48	<i>Microtus ochrogaster</i>	36-2-23-48
<i>Reithro</i>	35-2-23-48	" "	37-2-23-48

Inspection research area 6-2-22-48:

<i>Peromyscus leucopus</i>	38-2-23-48	<i>Peromyscus leucopus</i>	40-2-23-48
" "	39-2-23-48	<i>Geomys bursarius</i>	41-2-23-48

Research area 7-2-22-48 produced:

<i>Microtus ochrogaster</i>	42-2-23-48	<i>Microtus ochrogaster</i>	46-2-23-48
" "	43-2-23-48	<i>Peromyscus leucopus</i>	47-2-23-48
" "	44-2-23-48	" "	48-2-23-48
" "	45-2-23-48	" "	49-2-23-48

3 mi W Lawrence, Douglas Co., Kansas

Feb. 25, 1948

40 crows in one flock flying east.

2 mi. W on 23rd St., Lawrence, Kansas

Feb 26, 1948

On 2 mi. S + 1 1/2 mi. W Lawrence. Set 300 traps in field of weeds. This field had, the previous year, was grown to wheat. Research area A-2-26-48 of three linear lines of traps at 10 foot intervals thus . Ground essentially bare between weed stems.
