Mr. James W. Bee
Department of Zoology
University of Kansas
Lawrence, Kansas

Dear Mr. Bee:

I am attempting to arrange for camp sites and the caching of food and supplies preparatory to the summer field work, and would like to have some information from you if it can be furnished at this time. Can you give me the approximate time that you expect to arrive at Point Barrow and the length of time you will wish to spend in the field? Have you decided as yet whether or not Mr. Jones will accompany you?

So far, I have not had final word from the Washington office of ONR concerning the status of your proposal, but I understand it is being processed and that you should be in the clear before the end of this month. I hope that this is the case.

Sincerely yours,

Ira L. Wiggins
