

Natural Bridges Natural Monument, Utah

Aug. 8, 1963

Camped on upper rim above headquarters which is on level with Owachoma Bridges. This A.M. visited Owachoma (Edwin) with family. Took several photographs.

- Photo 630808-1 moki tank and children. Both well preserved!
- 630808-2 moki tank and general view to N. Ladder to lower right to shelf.
- 630808-3 Chris, Polly and Jay on ladder leading to moki house.
- 630808-4 Owachoma natural bridge to S.E.
- 630808-5 Owachoma (upright).
- 630808-6 Mary at base of rivulet at pool of Armstrong River below bridge where right hand ~~side~~ drainage enters main river. Water red and result of recent rains.
- 630808-7 Owachoma and Mary; old pinyon in foreground; from SE
- 630808-8 ^{and 8a} Owachoma and Mary with old animal bone in hand
- 630808-9 Pond on top of Owachoma. These ponds or tanks are characteristic of surface of the layer of rock supporting the bridge. no drainage into tank area.
- 630808-10 Annette C on top of mound on east side of bridge. James R & Mary I on bridge below. Tank area clearly visible. End of roll no 492312. 630807-10a top Owachoma from west.
- 630808-11 ^{and 11a} Mary I on top bridge. Photo from SW edge.
- 630808-12 Family on east side at mound; bridge in background. This number could be lost on roll.
