

7/8/37 (cont.)

370708-62

Spent tonite at Station 4 at Hidden Lake Cynque. Trapped as usual among dwarfed conifers, along watery creeks, open situation. Watched a *Sciurus* go into a ground hole.

7/9/37 (cont.)

From trap line collected the following from Hidden Lake Cynque.

145	<i>Microtus</i> .	159	<i>Peromyscus</i> (alcoholic)
146	"	160	"
147	"	161	"
148	<i>Peromyscus</i>	162	"
149	"	163	"
150	"	164	"
151	"	165	<i>Microtus</i>
152	"	166	<i>Peromyscus</i>
153	<i>Thomomys</i>	167	<i>Thomomys</i> (skull only)
154	"	168	
155	<i>Pika</i>	169	
156	<i>Citellus armatus</i>		
158	<i>Peromyscus</i> (alcoholic).		

7/10/37 (cont.)

Today completes our field work on mt. Timpanogas. The field numbers of material collected are included here at this time representing mammals and birds prepared and placed in the University zoological collection at the Brigham Young University. All specimens & collections made by myself. Each member kept his own collection record.

PRIVATE COL. NO.	NAME	DATE	LOCATION
1.	<i>Peromyscus</i> m.s.	6-10-37	Station 1 Mouth of Grove Cany.
