Wakarusa River, Lawrence, Douglas Co., Kansas

July 21, 1966

Annette C and I made canoe trip from bridge on highway 59 to Haskell bridge (Haskell Avenue). Trip between 3 & 5 P.M. For 1 mile between highway 59 bridge and drainage to right at cliffs counted 113 bullfrog Rana catesbeiana ranging from large six inch total length (snout to anus) to 1 1/2 inches in length. There were 38 between this drainage and Louisiana bridge.
