

to 5:00 P.M. Before making trip to top of lift made 5 photos of Timpanogas with telephoto lens:

- 661227-1 From Stewart flat. Elk Peak & Cirque walls to SW.
- 661227-2 *ibid*
- 661227-3 Cheops of mt. Timp. First face of Timp to receive early lights.
- 661227-4 Aspen Grove (N side slope)
- 661227-5 Cirque above Stewart's Flat.

~~661227-6~~
Enroute to top of lift on first trip made the following photos:

- 661227-11 General view of Timp. beyond Stewart Flat. Successive closest moraines to right.
- 661227-12 Timp and Jungus in foreground.
- 661227-13 From top of lift. Oaks in foreground. This would be a good vantage for fall colors.
- 661227-14 From top of lift. S Fork of Provo River in distance.
- 661227-15 From top of lift with snow bank in foreground.

~~661227-6~~

On second trip about 3/4 hr later as sun left slope of sky ski-run made these additional shots:

- 661227-17 Timpanogas from Stewart Flat. Aspen in foreground
- 661227-18 " from top Stewart's ski lift. To SE up S. Fork
- 661227-19 " " " " " " " " " " " " "
- 661227-20 From top Stewart ski lift. Deer Creek Ridge and Wallenberg area. Wide erosional gaps in ridge in foreground caused by early glacial action.
- 661227-21 *ibid.*
- 661227-22 From top Stewart ski lift to S & E up S. Fork.
- 661227-23 From ski lift to upper flat below top.
- 661227-24 To E along ski lift.
- 661227-25 James Robert Bee skiing
- 661227-26 " " " " " "
- 661227-17
- 661227-18 No.
- 661227-19
- 661227-20.

Left Timp. Haven after run left area and drove down N. Fork to Provo Canyon, thence up Canyon to Deer Creek Dam. Photo 661227-27 of Deer Creek Lake with snow in foreground. Water open in lake. no ducks at this end of Lake. On return down canyon made photo 661227-28 of Provo River at entrance of South Fork as sun reflected from the waters of Provo River. Photo 661227-29 of Bridalveil Falls in winter ice. Sky house in upper right hand corner.

Photo 661227-³⁰~~24~~ ^{East} of Indian petroglyph ridge above Sprydel
Photo 661227-³¹~~25~~ from same position showing Indian Cove showing flooding between N & S side of Provo Canyon
