

Mrs Martinez who runs a chicken ranch & harvests cane sugar. Trailer court her backyard. Husband a partly Chinese. Some of her statements are:

Has two pet coati minde, one of which lives free in trees in yard and comes at command, another in cage that had been raised since a young one. Eats fruit and meat. Is confiding, shakes hand and nuzzles one's face.

Rabbit (domestic) eats meat and feeds with cats & coati.

Has 50 cats. They reach a composition of older animals and then the population decreases.

Chickens cannot stand too much disturbance and, characteristic of large groups which are confined.

Motmot in area for 3 years.

Papaya, manao, Euphorbia, bananas, banyon, and other trees on her property.

At one time the area between here and Monterrey were was continuous with palm trees now all removed for agriculture.

Friend in mountains to ^(Coalson) W, has refuge in rain forest and charges \$25.00 per day for conducted tours.

Contraband is common practice.

Left and at Rio Frio at 34.4 41.6 have seen 3 king-fisher since first one observed. Area sugar low & lowals.
