

13 mi w Noranda-Rouyn at junction 59-46 by Quebec Canada

Aug 11, 1972

min. temp 43°F. Left at 8:30 A.M. at mileage 58087. Birds in area are common tern, family of mallards, killdeer, swamp sparrow, Herring gull, pied-billed grebe, grackles. The grackles are the common camp birds and feed inside the 50 gal. drums for food. There is considerable squabbling on the rim of these drums. They seem to be more dedicated to camp areas than birds in Kansas area. At 58095 striped skunk road kill and 5 evening grosbeaks. At mileage 58098 at Ontario Provincial line. Will keep complete census of birds from here across Province or to W of Lonlac. Observation will be correlated with mileage. Started at 9:00 A.M. 99 song sparrow.
