

741207-145

most of them flying from water level to 60 or so feet. Well
 keep record of mallards flying by, ^{E-W, W-E just n of that ramp} per unit of time. (10 x binoculars)
 1:02 to 1:09. 4-1-2-3-1-2-1-2-3-2-11-1-4-5-3-6-1-5-1-2-1-2-3-
 1- (a crow flew W across lake just above water) -1-3-3-1-1-1 = or 77 per 7 min
 1:17 to 1:22. 8-1-7-2-2-3-8-1-1-4-1-8-24-50-40-2-8-4-7-1-1-4-8-
 4-1-3-2-1-1-3-1-4-3-4-5-2-2-1 = ³² 24 per 5 mins.

In this same period of time 5 ^{individual} ring-billed gulls flew E above
 shoreline searching for food, twice picking up from waves. At
 1:25 a crow flew W to E across lake as as the other about 2 feet above
 the water. 1:26 left Gap Point. wind increasing well return by
 shore. 1:50 mallards in pond E of submerged road + equal
 number in bay S of Gap Point. 1:52 3 juncos. 1:55 head of
 bay. It is surprising that mallards do not use this bay which is
 well protected from wind, but I have never seen ducks here. 1:58
 3 crows. 1:59 back to main road. 2:00 leaving part. 2:08
 Ferguson Rd. 2:12 Big Slough Arm bridge. 2:15 ringbill in
 water to E. 2:14 highway 92. 2:14 SE corner of reservoir area,
 at 1:43 P.M. 2:11 highway 24. 2:17 4 starling. 2:19 Leecompton
 bridge. 2:25 now E on low river rd. 2:27 17 tree sparrow
 & 4 juncos. 2:35.3 meadowlark 2:40 Lake View Causeway.
 2:48 3 tree sp. 4 juncos, 2 starling. 2:43 30.3 at 2:15 ^{P.M.} at 402
 Yorkshire Dr, Lawrence.

Perry Reservoir, Jefferson Co., Kansas
 Dec. 8, 1974

Trip to Perry Reservoir To check on birds. Left at 8:15 A.M.
 94330.7 mileage, sky clear, Temp 12°F. wind from NW. 30.4
 mockingbird with 30 Eng. sparrows. 30.8 6 juncos, 4 tree sparrows
 31.4 Kasold and Continuing E. 31.9 Martin Park 32.4 12
 juncos, 4 cardinal, 2 b.c. chickadee, 32.7 2 cardinals, 8 juncos
 33.3 four corners, ^{continue W} water in creeks frozen in pools and open in
 fast moving water, 34.5 30 slate-colored juncos, 3 cardinals and 2
 Titmice in one flock. 35.6 Crossing turnpike, 5 lesser scaup ^{continue N.}
 in pond where 12 were seen yesterday. 35.8 Leecompton Rd and
 37.6 single tree sparrow. 37.7 30 tree sparrows. 38.2 tree sparrow
 38.4 20 tree sparrows. 39.1 2 crows. some ponds close and some
 open. 39.5 cardinal, 4 juncos. 39.7 Leecompton Rd. 40.7 Leecompton
 Bridge 43.5 Delaware River. 44.0 redwing blackbird on
 side of road near brush where it retreated. 45.5 highway 24.
 46.8 Thompsonville Rd, 30 tree sparrows. 47.3 2 bluejays
 47.4 sparrow hawk. 47.6 now to R. 48.4 Overlook. From
 here can see some number of snow & blue geese as observed
