

Time of incoming flight
of cattle egret (0 = no flight for that particular minute)

Casa Blanca Lake, Webb Co., Texas (NE Laredo)

(complete) May 14, 1983

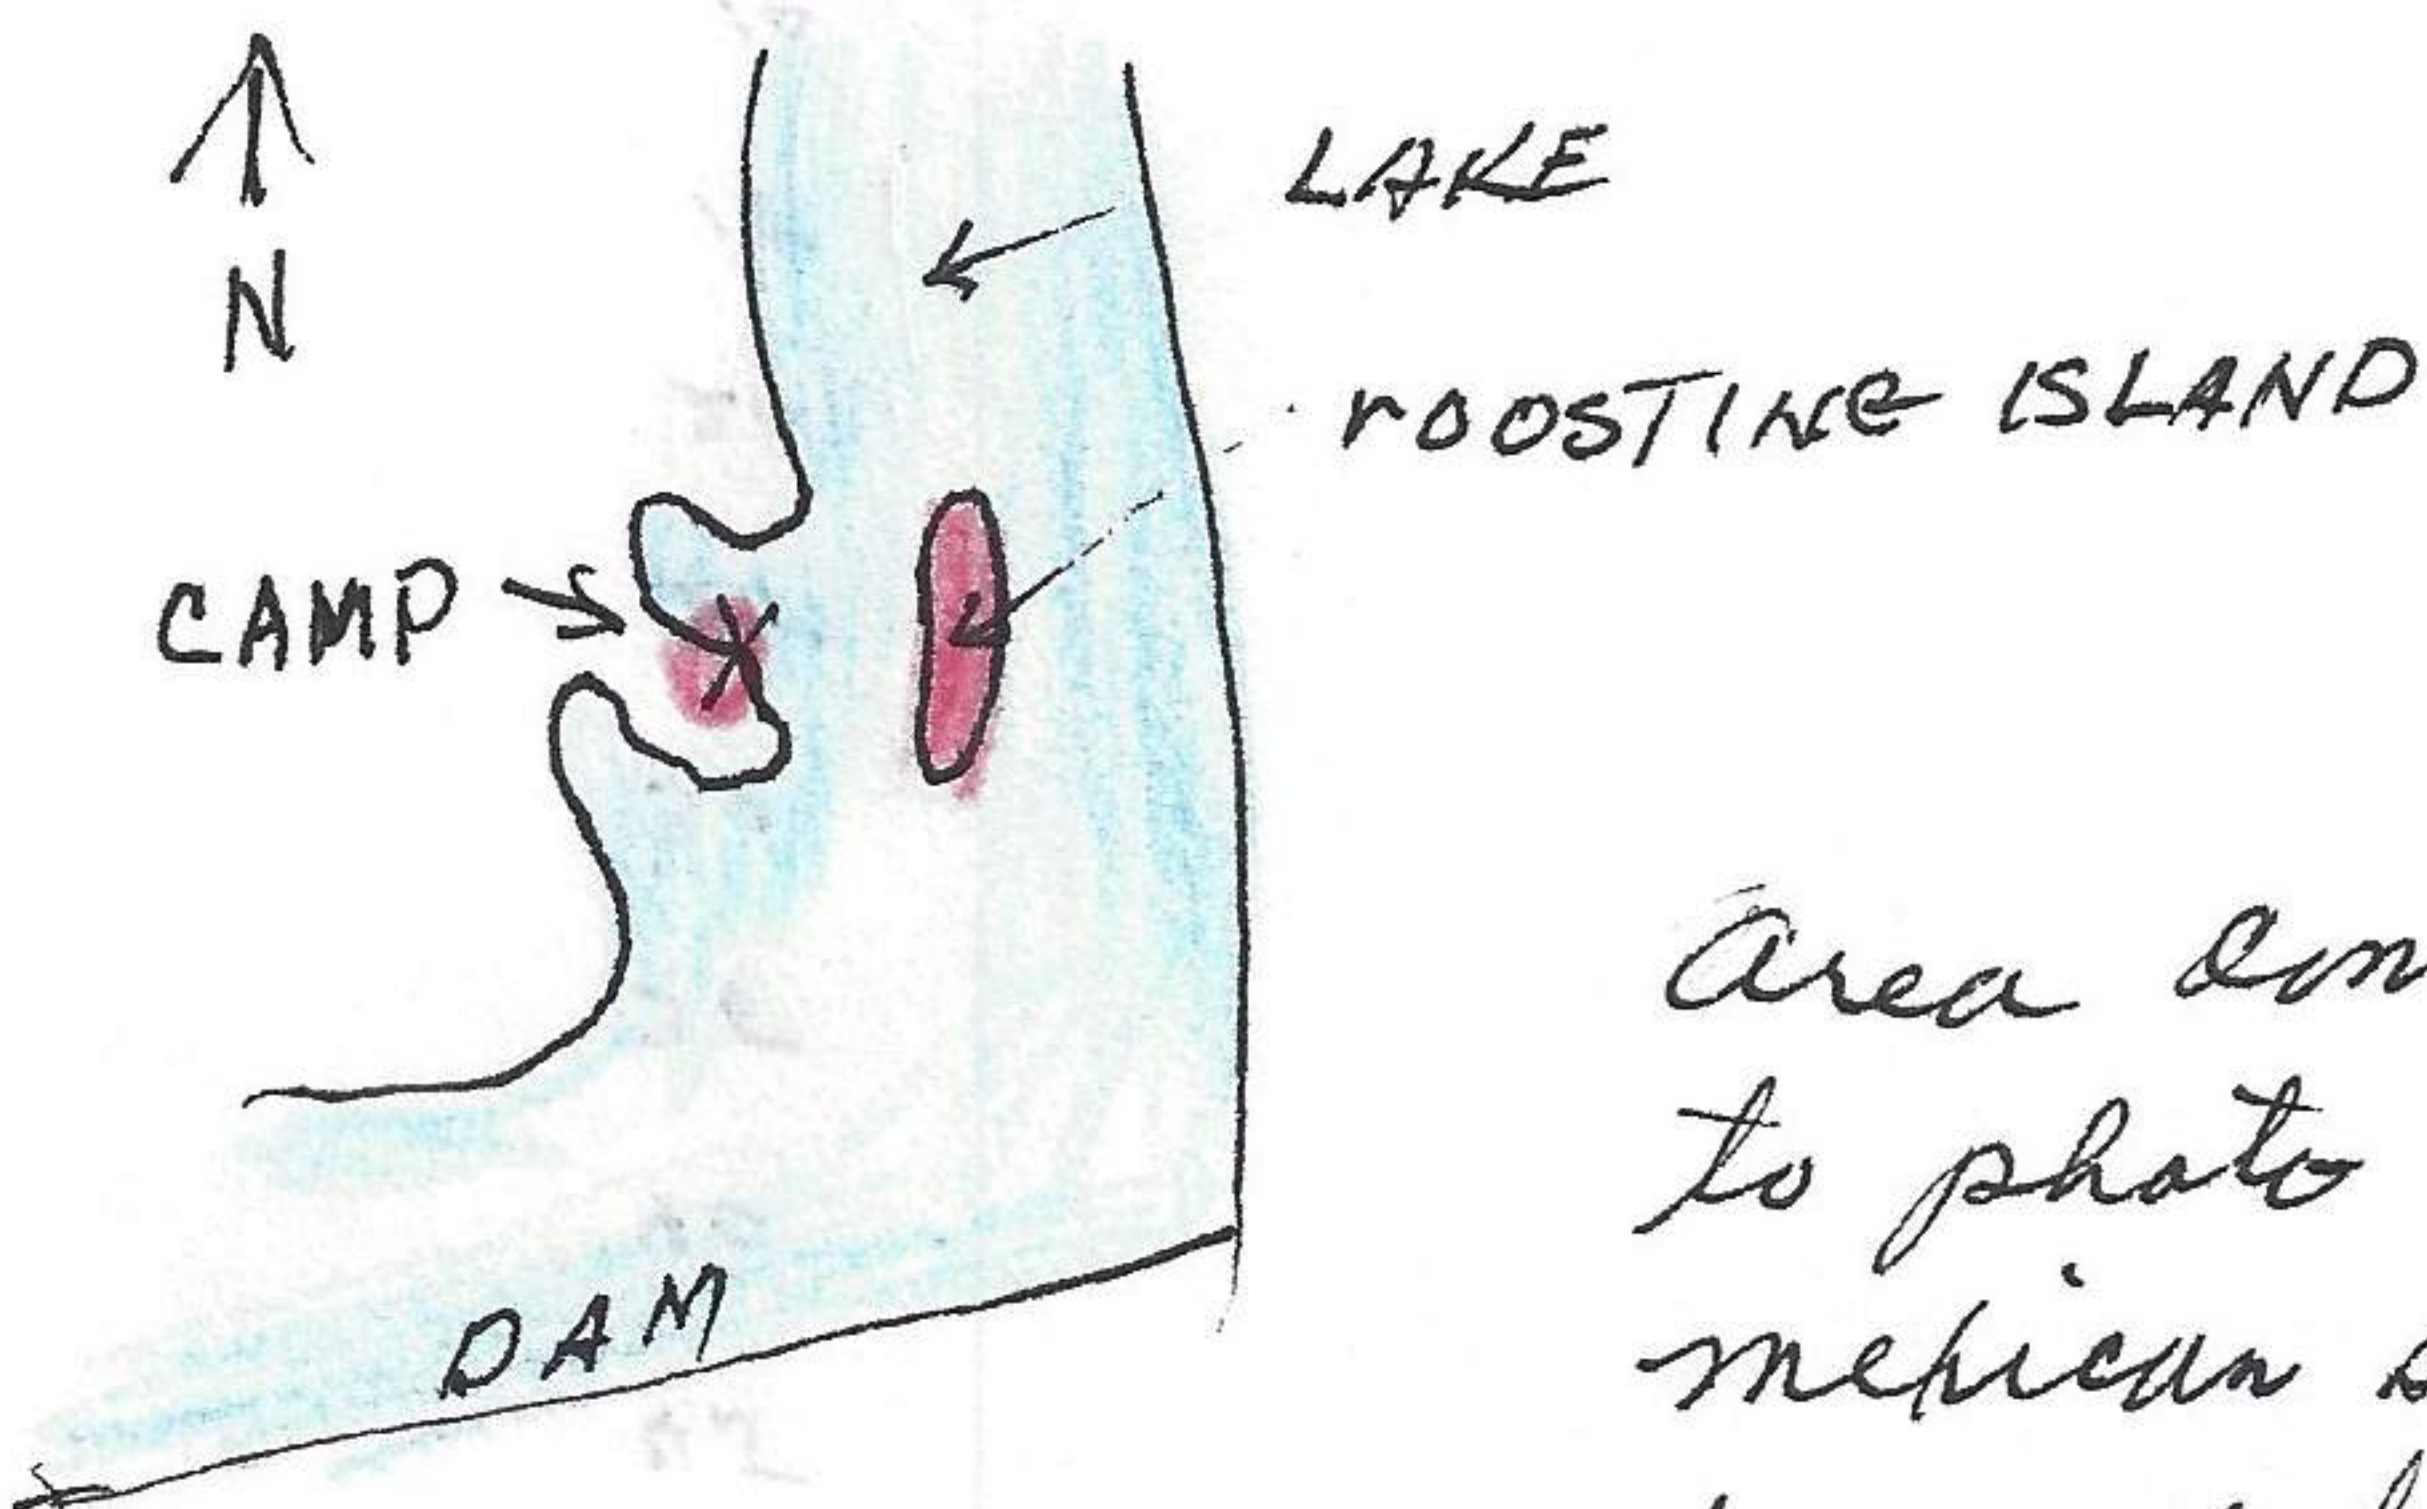

Great flight of egret between 6:50 A.M. and 7:00 A.M.
Flight of boat-tailed grackles from daybreak to 7:00 A.M., few after
by about 10 minutes but definite end.

Franklin gulls active daybreak.

Coat always present day & night. Grackles displace Franklin gull.
Franklin gull dragging leg in flight.

The 2 egrets that arrived at camp W of island at time of
mass movement were snowy.

Least tern active 6:45 A.M. This flight 7:20 A.M.

Left Casa Blanca Lake at
about 10:00 A.M. and drove to
bridge in Laredo, parked car
in Church year and walked
across bridge to Nuevo Laredo.

Area convenient for shopping. On return
to photo 830514-1 of debris off bridge on
mexican side. Trash is every where and is
discarded at random in any position or place.
