Jonathan arrived and 1 1/2' away from feeder.

1 0

0 0

Hummingbirds diverted to 2 other feeders. One of the other 2 feeders

0 0

0 0

had 11 hummingbirds. The

3 0

0 0

gull definitely had influence over hummingbirds.

Took approx 2 minutes for humm-
ingbirds to adjust to the gull.

River

1:10 P.M. Otter rested on top of no. 4 rock of
Leo Reef. 14 harbor seal rested 5' below.1:30 Ad. bald eagle flew from Frost Island
along Spencer Spit to mainland Lopez.
One gull harassed the eagle the entire
route.3:30 P.M. Flocks of 11 each fed at feeder
(deer feeder)
in rear of house & on front porch feeders
