

May 30, 1991

Annette and I to Hunter Bay, Lopez Island to enjoy a dinner and ride on the nauticat 36 at the invite of Dick and Patty Dunkaupt and their daughter Sunny.

Bee Estate, Humphrey Head, Lopez Island, San Juan Co., Wa.  
~~June 5, 1991~~

June 5, 1991  
 Left 10:55 A.M. for Friday Harbor on the Bee. Arrived 12:40 P.M.

June 7, 1991

On W side Causeway SW Fisherman Bay 11 Harlequin ducks fishing in straight line ||||| with body width separating them. All dive and resurface same ↑ time which averaged 3 minutes. Also 2 glaucous-winged gulls and 1 common loon. High tide.

July 8, 1991

♂ mule deer 34" high at shoulders with 2 eye tines and 2 points one side. It passed a fawn (18" high at shoulders) which ran at top speed 100' and then returned and smelled the legs of the buck which in turn gently bunted the fawn away.

5:15 P.M. 62 glaucous-winged gulls Flower Island.  
 young eagle on nest (bold eagle) NE Frost Island.  
 Have noticed seal playing in water at edge Leo Reef.

June 9, 1991

Change of harbor seal populations on pull out this A.M.

	10:50 AM	11:00	11:10	11:20
Leo Reef 3-7 rocks	4	11	19	0 ← displaced by boat
Rock 9	3	7	8	14
Rock 11	0	8	10	14
Little F. Is.	2	0	0	0
	<u>9</u>	<u>26</u>	<u>32</u>	<u>28</u>

All afternoon on a rising tide a brownish oily surface lined the shoreline in front of Bee House and Spring Cove.

7 mule deer rested in Bee House area until O'Leary dog started to bark at which time all deer immediately left area.

June 10, 1991

Albert and Sons
