

1-15-39

mother, Dad & myself drove up to railway bridge just down Canyon from Bear Canyon. On Canifer ridge took limb of Douglas fir for squirrel habitat for University. Trees here on ridge proper snarled by winds coming up canyon. In this grove saw a group of Cerythids, Chickadees, and Kinglets.

1-15-39

This morning visited the pastures below fairgrounds in Provo along millrace near Indian mounds. Recorded the following ducks.

1050	G.W. Teal	or 70%	large group
248	Gadwall	or 16.5%	groups
150	Pintail	or 10%	small group & pairs
22	Mallard	or 1.5%	small group
15	Baldpate	or 1%	large group
15	Shovelers	or 1%	singles & pairs

1-22-39

Spent a few minutes down at Bullocks farm along millrace in Firstward Pastures south of Utah Co Fairgrounds. We just arrived a few minutes after an airplane crashed in pasture by Indian mounds killing 3 people. Made duck count and bird census. Counted from car at Bullocks.

5	Mt. Song Sparrow
5	Marsh Hawk
47	Baldpate
7	Shovelers
50	Am. Coot
53	Mallard
554	G.W. Teal
2	Canadian Geese
35	Red wing blackbirds
37	Pintail

The millrace at this point overflows and make large bodies of shallow water to the north of stream proper. Coot confined mainly to the race channel.

1-2-39

Observed a Golden Eye, 2 Wilson Snipe and a few Kinglets at The Fishermans Home at Willcans property 1/2 mile below Vivian Park in Provo Canyon. At Carterville a G.B. Heron was flying down the river bottoms. At Bullocks farm along the millrace south of Provo City observed the following:

600	G.W. Teal	60	Coot	check made in late afternoon.
450	Pintails	30	Baldpate	
255	Gadwalls	7	yellowheads blackbirds	
30	Shovelers		many red wings	
		50	Canadian Geese.
