The first godgirl was born in Miami in 1951. In subsequent years the number has risen to 12. They are typically born in the seventh or eighth month of normal fetal growth and develop atypically from there on. By the third year the bones of the forehead and jaw enlarge grotesquely and a fuzz of fine reddish soft hairs appears on the throats and cheeks of these exciting new grls. Shown in photo below are the Lemo's, the first godgirl's family, the father, Plumber Lemo, the son Monty, the sisters Jellybell & Sandra. The godgirl herself is not shown. She is kept in special basement room rigged with an air conditioning and dehumidifying units at the advice of the girl's pysicsians. She is kept here in the room so that the outer epidermal layers of the skin is oddly subject to extraordinary fungal ravages, to which she seems so prone.

FANATICS  
Many of the so-called fanatics are continuing to arrive at the hom home of the Munty fall home in Miss issippi. One of them has cut off tongue and thrown it in Muntygarden on wandering Jew.

Godgirl Mona Munty oddest of the lot from Miami, and we quote: "The Munty family has been go goo good to me for so long. I am ashamed of their cramped living quarter at the camp. Pleas start a campaign

to alleviate one small clot of human suffering. Yours, G.G.X.

The Cincinnati g.g. has made herself anew, although the original reddishgod-Godgirl Midge Prop of New Orleans, 1515 Verna Street, tells like beard has of planned summer tour of the Lower Farm circuit. At the age been shaved off of five this one's labia became leathery and gradually flake by her handy dad away and at the same time an oriface opened beneath one of the plumberLemo, the breasts and became critically sensitive to the touch. Al of Amarillo, Tex. such stories have not gone unreported in these columns as long time readers will recall. Godgirl reports is a function of Process News.
