

View of the Bird Range, Museum of Natural History, University of Kansas, Lawrence, Kansas.

July 27, 1964

Cases are sturdy, double-wall, channel-reinforced all steel construction. Doors are light-weight aluminum for easy handling. Door seals are Buna N Rubber for air-tight closures.

You'll be surprised at the modest cost of these fine quality cases.

Drop us a note for a catalogue and price list. Our catalogue shows our complete line of museum specimen cases for many fields of study.
