

SONG BOOK

First Edition, 1880

By the Author

The author of this book is a native of the State of New York, and has spent much of his life in the study of the history and literature of that State. He has collected a large number of songs, and has arranged them in this book, which he hopes will be found useful and interesting to all who are interested in the history and literature of the State.

The book is divided into two parts. The first part contains the songs, and the second part contains the notes. The songs are arranged in alphabetical order, and the notes are arranged in the same order. The notes are written in a simple and plain style, and are intended to give the reader a general idea of the history and literature of the State.
