Mintev Bros. imp.

DIPHYLLODES

Le Manucode à bec
Magnificent Parakeet
Diphylloides seleguensis
 p. xiii
 ? *Diphylloides magnificens*

TOWARDS the end of the century
 from New Guinea, and
 over to this country
 among them were
 which I had not seen
 The specimens were
 Mr. Dunstall. In
 very fairly constant
 on the wings was
 Although it is very
 that we may safely
 synonymy placed un
 determine this point
 The existence of
 him from Andai and
 the brighter colour
D. chrysoptera of
 species of *Diphyllo*
 is fortunate enough
 The present spec
 differs, as has been
 in the British Mus
