

THE HISTORY OF THE UNITED STATES

BY JOHN B. HENNING

Author of "The History of the United States," "The History of the United States," etc.

The history of the United States is a story of a people who have grown from a small colony of English settlers to a great nation. The story begins in 1607, when a group of men sailed from England to establish a permanent settlement in North America. They found a land of opportunity, but also a land of hardship. The first years were difficult, but the settlers persevered and built a thriving community. Over the years, more and more people came to America, and the colony grew into a state. In 1776, the thirteen original states declared their independence from Great Britain. The American Revolution was a struggle for freedom and self-government. The new nation was born, and it has since grown into a great power. The story of the United States is a story of courage, sacrifice, and the pursuit of the American dream.
