Hedge of Grandview

Scorpioides - not the Great Scorpion

Myosotis palustris

Class Pentandria

Ord. Monogamia

Nat. Ord. Boraginaceae

Borage tribe.

called

Blue Mousse ear. Grows in Asia & North

America eight native species, all with ^{of this genus} blue blossoms.

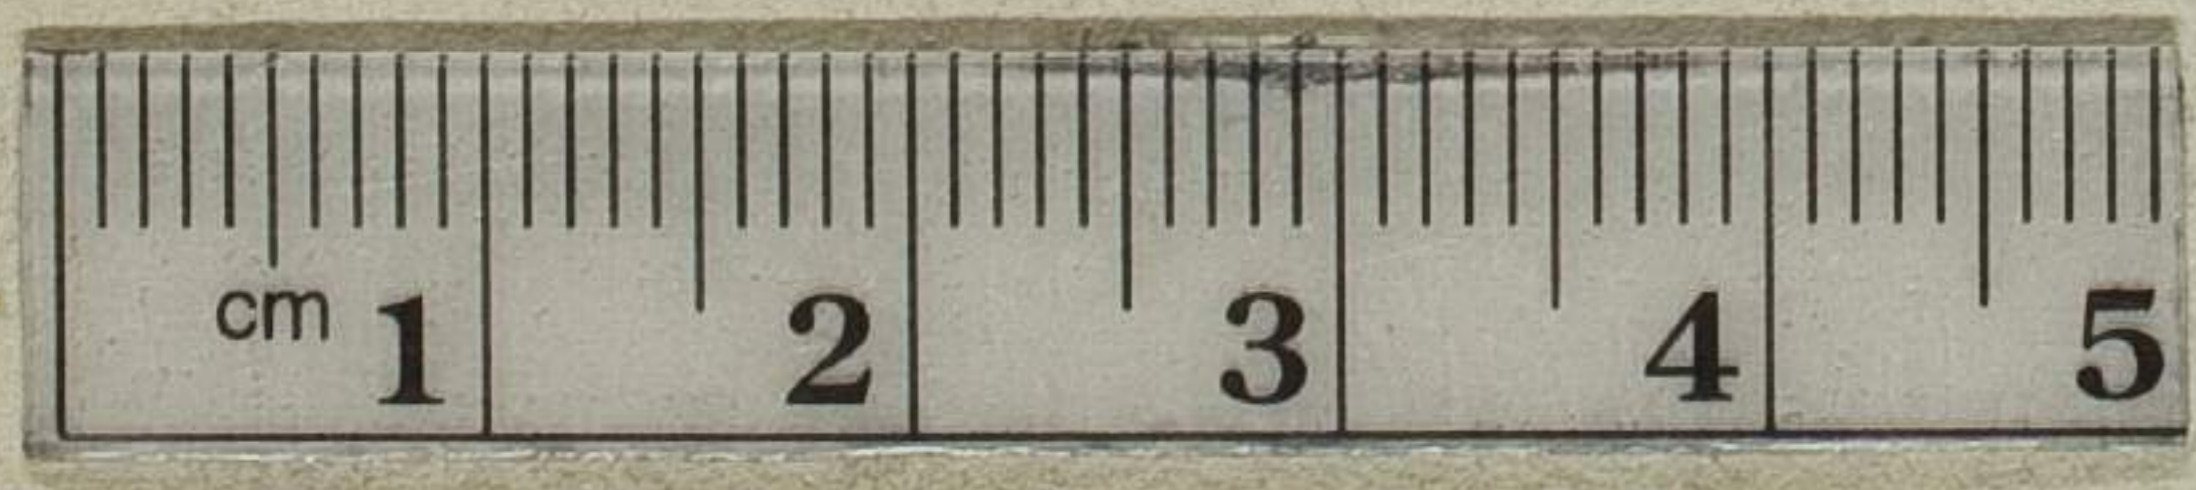

The field Scorpion grass

found in fields is called a *Myosotis arvensis*

The name of the genus is from two Greek

words *sig.* mouse ear, from the shape

of the leaves.
