

THE HISTORY OF THE

ROYAL SOCIETY OF LONDON

FROM THE FOUNDATION OF THE SOCIETY TO THE PRESENT TIME

BY JOHN WALLIS

The history of the Royal Society of London, from the foundation of the society to the present time, is a subject of great interest and importance. It is a subject which has attracted the attention of many of the most distinguished writers of the age. The history of the society is a history of the progress of science and of the human mind. It is a history which shows the growth of knowledge and the triumph of reason over superstition and ignorance. The history of the society is a history of the most important discoveries and inventions of the age. It is a history which shows the power of human genius and the influence of the society on the world. The history of the society is a history of the most important events of the age. It is a history which shows the progress of the human race and the triumph of the human spirit. The history of the society is a history of the most important figures of the age. It is a history which shows the influence of the society on the world and the progress of the human mind.
