Vol. I. Pl. 4.	14. Perameles Bougainvillei, Quoy et Gaim.
	Perameles Bougainvillei, Quoy et Gaim. Zool. du Voy. de l'Uranie, p. 56, tab. 5, et Bull. des Sci. Nat. 1824, tom. i. p. 270; Waterh. Nat. Hist. of Mamm. vol. i. p. 385.
	Habitat. Péron's Peninsula; in Shark Bay, Western Australia.
Vol. I. Pl. 5.	Having never seen a specimen of this animal, I am unable to figure it, or to say if it be a good species.
not placed it	Genus Phascolarctos, De Blainv.
	15. Phascolarctos cinereus
Vol. I. Pl. 6.	Genus Phalangista, Cuv.
	16. Phalangista fuliginosa, Ogilby
Vol. I. Pl. 7.	In one of the letters from my son Charles, now engaged on a geological survey of Tasmania, the following passage having reference to this animal occurs:—
	"I lay down, looking up at the moon and stars, thinking of home, and dreamily listening to the crackling of the fire, when a diabolical, chattering, grunting laugh overhead makes me start up, and discover that a Sooty
Vol. I. Pl. 8.	Opossum is making an inspection of me, with comments, from the branch above; his call is responded to by others, and a kind of concert commences, which is maintained at intervals throughout the night,—the smaller or Ring-tailed Opossums performing an active part in it also, and the 'More Pork' (<i>Podargus Cuvieri</i>) lending a
Vol. I. Pl. 9.	little lugubrious assistance occasionally."
ol. I. Pl. 10.	17. Phalangista vulpina, Desm
ol. I. Pl. 11.	Habitat. Probably every part of Australia; certainly all its southern portions.
	18. Phalangista canina, Ogilby
p. 366.	19. Phalangista Cookii, Desm
ription was	"This species," says Mr. Gilbert, "does not confine itself to the hollows of standing or growing trees, but is
It greatly description	often found in holes in the ground, where the entrance is covered with a stump; it is frequently hunted out of such places by the Kangaroo-dogs. It varies very much in the colour of the fur, from a very light grey to nearly a
vulis parce	black; in one instance I caught two, from the same hole, which exhibited the extremes of these colours." Habitat. New South Wales.
	20. Phalangista viverrina, Ogilby
	21. Phalangista laniginosa, Gould
	Genus Cuscus, Lacép.
I. Pl. 12.	22. Cuscus brevicaudatus, Gray
