I anticipate one day, however, that I will be arrested and there will be no legal procedure any lawyer will be able to secure my release. In fact, the first question will not be, Let's get Rap out of jail. It'll be Where is Rap?

H. RAP BROWN

"This country was born of violence. Violence is as american as cherry pie. Black people have always been violent, but our violence has always been directed toward each other. If nonviolence is to be practiced, then it should be practiced in our community and end there."

- H. Rap Brown, Detroit, 1967

Die Nigger Die!

H. RAP BROWN was born in Baton Rouge, Louisiana, in 1943. He received his education there, and for a time attended Southern University.

He joined SNCC in 1963 and in 1966 worked in Alabama for the organization as State Project Director. He was Chairman of SNCC from 1967-68.

Since October of 1967, H. Rap Brown has been confined to New York City under house arrest, pending trial in Maryland on charges of arson and inciting to riot. In June of 1968, he was convicted on a gun-carrying charge, sentenced to five years in jail and given the maximum fine of \$2000; this case is now being appealed. He has also been charged with intimidation of an officer of the FBI.

Mr. Brown has recently married; his wife, Lynne, is a former schoolteacher.

February 2], 1968 Being a man is the continuing battle of one's life and one loses a bit of manhool with every stale compromise to the authority of any power in which one does not believe.

No slave should die a natural death. There is a point where caution ends and cowardice begins.

For every day I am imprisoned, I will refuse both food and water.

My hunger is for the liberation of my people.

My thirst is for the ending of oppression.

I am a political prisoner, jailed for my beliefs (that Black people must be free). The government has taken a position true to its fascist nature--those they cannot convert, they must silence. This government has becomethe enemy of mankind.

This can no longer alter our path to freedom. For our people, death has been the only known exit from slavery and oppression. We must open others.

Our will to live must no longer supersede our will to fight, for our fighting will determine if our race shall live. To desire freedom is not enough. We must move from resistance tocaggression, from revolt to revolution.

For every Orangeburg, there must be] 0 Detroits.

For every Max Stanford and Huey Newton, there must be 10 racist cops. And for every Black death there must be a Dien Bien Phu.

Brothers and sisters, as well as all oppressed people, you must prepare your selves both mentally and physically, for the major confrontation is yet to come. You must fight. It is the people who in the final analysis make and determine history, not leaders or systems. The laws to govern you must besmade by you.

May the death of '68 signal the beginning of the end of this country. I do what I must out of the love for my people. My will is to fight. Resistance is not enough. Aggression is the order of the day.

Note to america America if it takes my death to organize my people to revolt against you, And to organize your jails to revolt against you,

And to organize your troops to revolt against you, And to organize your children to revolt

against you, And to organize your God to revolt

against you, And to organize your poor to revolt

against you, And to organize your country to revolt against you,

And to organize Mankind to rejoice in your destruction and ruin, Then, here is my Life!

But my Soul belongs to my people. Lasima Tushinde Mbilashaka (We shall Conquer Without a Doubt).

Yours in Revolution, H. Rap Brown

BROWN-CARMICHAEL MEET

H. Rap Brown and Carmichael have joined and banded together in order to unify the country.

Carmichael has just returned from abroad with his wife and upon his arrival, a number of Brown's close friends greeted him to inform him of Rap's intention to find a way to meet him without public notice. After the bombing in Maryland where Rap is on trial, Carmichael and Brown met and since the meeting, Brown has disappeared and no one, not even the police knows his whereabouts.

What is it going to take for the knee/grow to become aware of the critical situation he has brought upon himself? Many Black people today believe that white America has totally brought on the state of the condition that we suffer from. To me, the knee/grow also has contributed to it. In past history Blacks have revolted and viciously refused to be annihialated -- Then they were less exposed to white nationalistic education, and not being burden from the wasteful knowledge they were able to function in the way of a collective Black force. The Africans descendents here in AmeriKKKa are so brainwashed that they aren't even aware that those "white devils" don't like them, never did and never will! They are so conditioned to the integration philosophy and white values that they themselves are not able to control it. Most of this is due primarily because of the large number of Blacks in universities and other white educational institutions. Unlike our people in the past (pre-civil war past WWI) they are toomeducated, they begin to debate for their civil rights with southern and northern politicians and even to the general white mass. Instead of dealing for human rights not through debating but through active envolvement (by any means necessary) to liberate themselves from the colonialist power. By palarizing themselves from the white devils, they made their positions and worked towards lessening the burden upon his kind.

You didn't hear them talking about Marx and other foolish European philosophies of government. They understood that white European nationalism was in no way related and had no intent to include us; They, more readily attacked the American government than most of us would even think about attacking the chairman of the P.T.A. in New York School! Knee/ grows today are sick! Much more than we were in the past. The Black intellectual is nothing but a farce! No such thing, but a white integrated definition of a stupid, dues paying idiot! Too many white nationalist educated bloods in Black Studies with European values. They wouldn't think of losing their jobs, credentials, and enrollment, etc. In other words, they submit to crackers. The cracker in turn represses us and represses us and still we can't move. Why? Because we want to integrate not segregate. We want to be a part of this society, of devils! With all their irregular sexual hangups, racism, oppressive nature and a destiny that will end up destroyed.

Integration means to assimilate which white people definitely hate! They don't want no nigga marrying their women! Yeah, integration means to assimilate interracial marriage will and must exist, to be truly integration. Just try it fools and see where you get. Nixon and the rest of racist white Amerikkka will try to kill all of us in two hours! Seems to me that if we developed more "Black Universities" Malcom X Universities, and support a Black cause, then they are likely not to keep dumping bad business upon us. Also we should interest ourselves in international

affairs--it will help our struggle greatly. The Black problem is not confined to AmeriKKKa, it is universal, we should all see it that way because there's no other way.

Who is the president of Zambia? Where is Zambia? Where are you without Africa? Love Africa for if it wasn't there, you wouldn't be here. Love Africa because Amerikkkan Blacks need a country to call home.

Think about it. . .

With an increasing interest by K.U. Black Students in establishing better campus-community rapport, the Black Student Union is presently sponsoring a Big Brother and Sister Program for Black youths in the community. University Blacks are finally realizing the necessity that our young brothers and sisters be submitted to the influence that we can exert rather than that of this racist institution which presently is sending white students into Black homes with a sack full of goodies.

The program is presently in its fourth week with hopes that it can be continued through the summer. There is a serious need for more participation on the part of our Black students as many requests are made weekly for "Black" Brothers and Sisters.

Now is the chance for all of us who profess to be concerned to take constructive action. The children are interested. But are we?

If you are ready to take action, all you need do is contact the chairman of the Community Concern Committee and all requirements will be explained.

B.P.P.

Know the enemy. At this time the pigs have three things going BREAKFAST

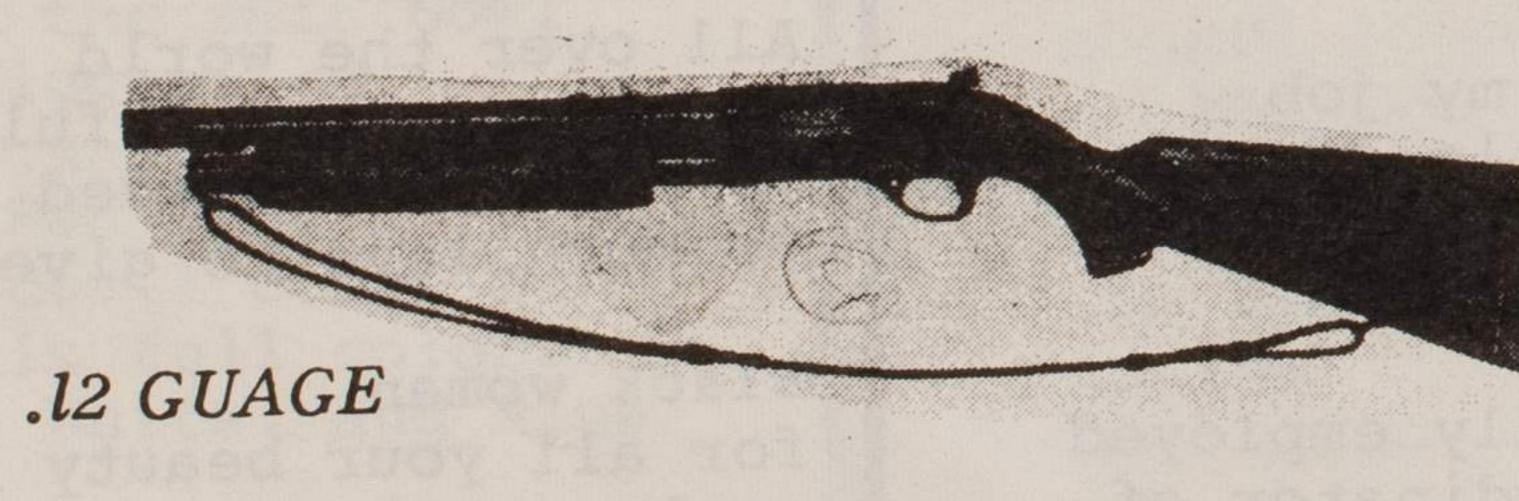

> 1. Communication - C 2. Mobility - M

3. Information - I

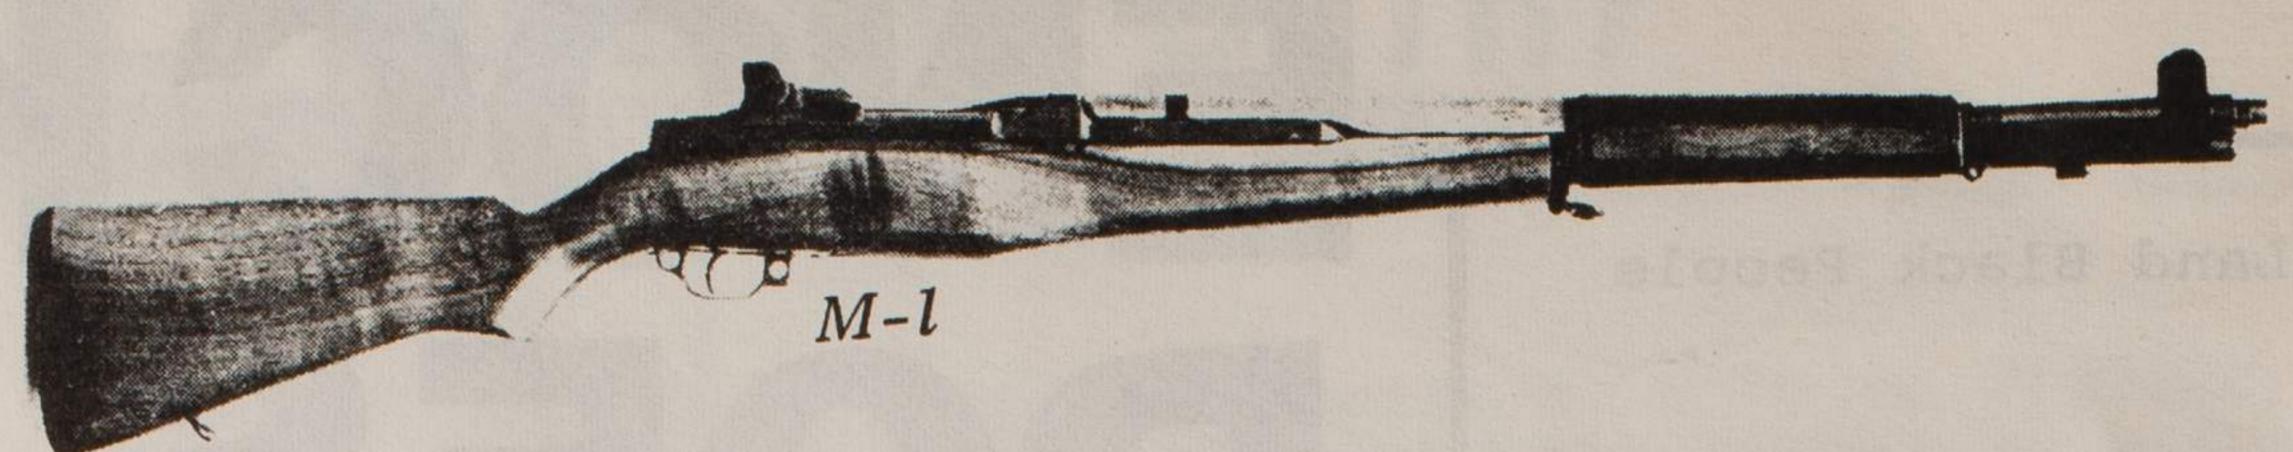

When planning any operation, white pigs' CMI must be taken into consideration in planning tactics. Due to the brainwashing done by TV. movies, comics etc., there are a lot of incorrect ideas about firearms that must be cleared up. The first thing to understand is, there is no one piece (gun) that covers any and all situations. Although they show pigs on TV and in the movies killing people a block away with a snub-nose .38

revolver, in reality this is not very practical and shouldn't even away and shotguns loaded with 00 much Wyatt Earp and Mat Dillon and/or trucks. too many people think that if they munities anywhere in Babylon. on ballistic marks. When you do that you will discover that most pig cars have at least one .12 gauge pump or automatic shotgun, one or two semisutomatic or automatic assault rifles, one or two bolt-action rifles with a scope mounted for sniping purposes, and, of course, the pigs have strapped on at least one handgun either an automatic pistol or a revolver. In San Francisco, the S.F. Tactical Squad members carry two handguns, their standdard service revolver plus a second handgun which is their personal preference, in many cases let's examine these three types of weapons-the shotgun, the rifle, and the handgun.

.12 GAUGE SHOTGUN: the pigs use the shotgun, either pump or semi-automatic, loaded with 00 buckshot generally in crowd situations such as rebellions. The standard load is nine (9) buckshoi pellets per shell, however there is the magnum load of 12 pellets per shell. These magnum loads are to be used only in magnum shotguns. If you use magnum loads in a regular shotgun, you might not live to tell it.

Robert Allen, Black Awakening In Capitalist America Doubleday \$5.95

While Cruses Crisis of the Negro Intellectual is probably the best socio-cultural analysis of the Black movement, Brother Allen has surely written the most astute politico-economic analysis of todays currents in the liberation struggle. This book more clearly than any other points out the need for total revolutionary change in facist Amerikkka; giving a real analysis instead of just falling back on rhetoric. He points out how there are two kinds of Black Power: bourgeiose and Revolutionary. He points out flaws in some of the simple solutions that musters of rhetoric have thrown out in the past.

Eldridge Cleaver, Post Prison Writings \$1.95

This book of writings, hastily collected by Ramparts editor Robert Scheer after Eldridge went into exile, is a valuable recounting of Eldridge's experiences with the Panther Party He tells what actually happened during encounters betweenthe Party and the facist Pigs. Also included are his views on Martin Luther King, The Black Muslims Robert Kennedy, Ronald Regan and Stokely Carmichael. A must for all Blacks.
