February 2], 1968 Being a man is the continuing battle of one's life and one loses a bit of manhool with every stale compromise to the authority of any power in which one does not believe.

No slave should die a natural death. There is a point where caution ends and cowardice begins.

For every day I am imprisoned, I will refuse both food and water.

My hunger is for the liberation of my people.

My thirst is for the ending of oppression.

I am a political prisoner, jailed for my beliefs (that Black people must be free). The government has taken a position true to its fascist nature--those they cannot convert, they must silence. This government has becomethe enemy of mankind.

This can no longer alter our path to freedom. For our people, death has been the only known exit from slavery and oppression. We must open others.

Our will to live must no longer supersede our will to fight, for our fighting will determine if our race shall live. To desire freedom is not enough. We must move from resistance tocaggression, from revolt to revolution.

For every Orangeburg, there must be] 0 Detroits.

For every Max Stanford and Huey Newton, there must be 10 racist cops. And for every Black death there must be a Dien Bien Phu.

Brothers and sisters, as well as all oppressed people, you must prepare your selves both mentally and physically, for the major confrontation is yet to come. You must fight. It is the people who in the final analysis make and determine history, not leaders or systems. The laws to govern you must besmade by you.

May the death of '68 signal the beginning of the end of this country. I do what I must out of the love for my people. My will is to fight. Resistance is not enough. Aggression is the order of the day.

Note to america America if it takes my death to organize my people to revolt against you, And to organize your jails to revolt against you,

And to organize your troops to revolt against you,

And to organize your children to revolt against you, And to organize your God to revolt

against you, And to organize your poor to revolt

against you, And to organize your country to revolt

against you, And to organize Mankind to rejoice in

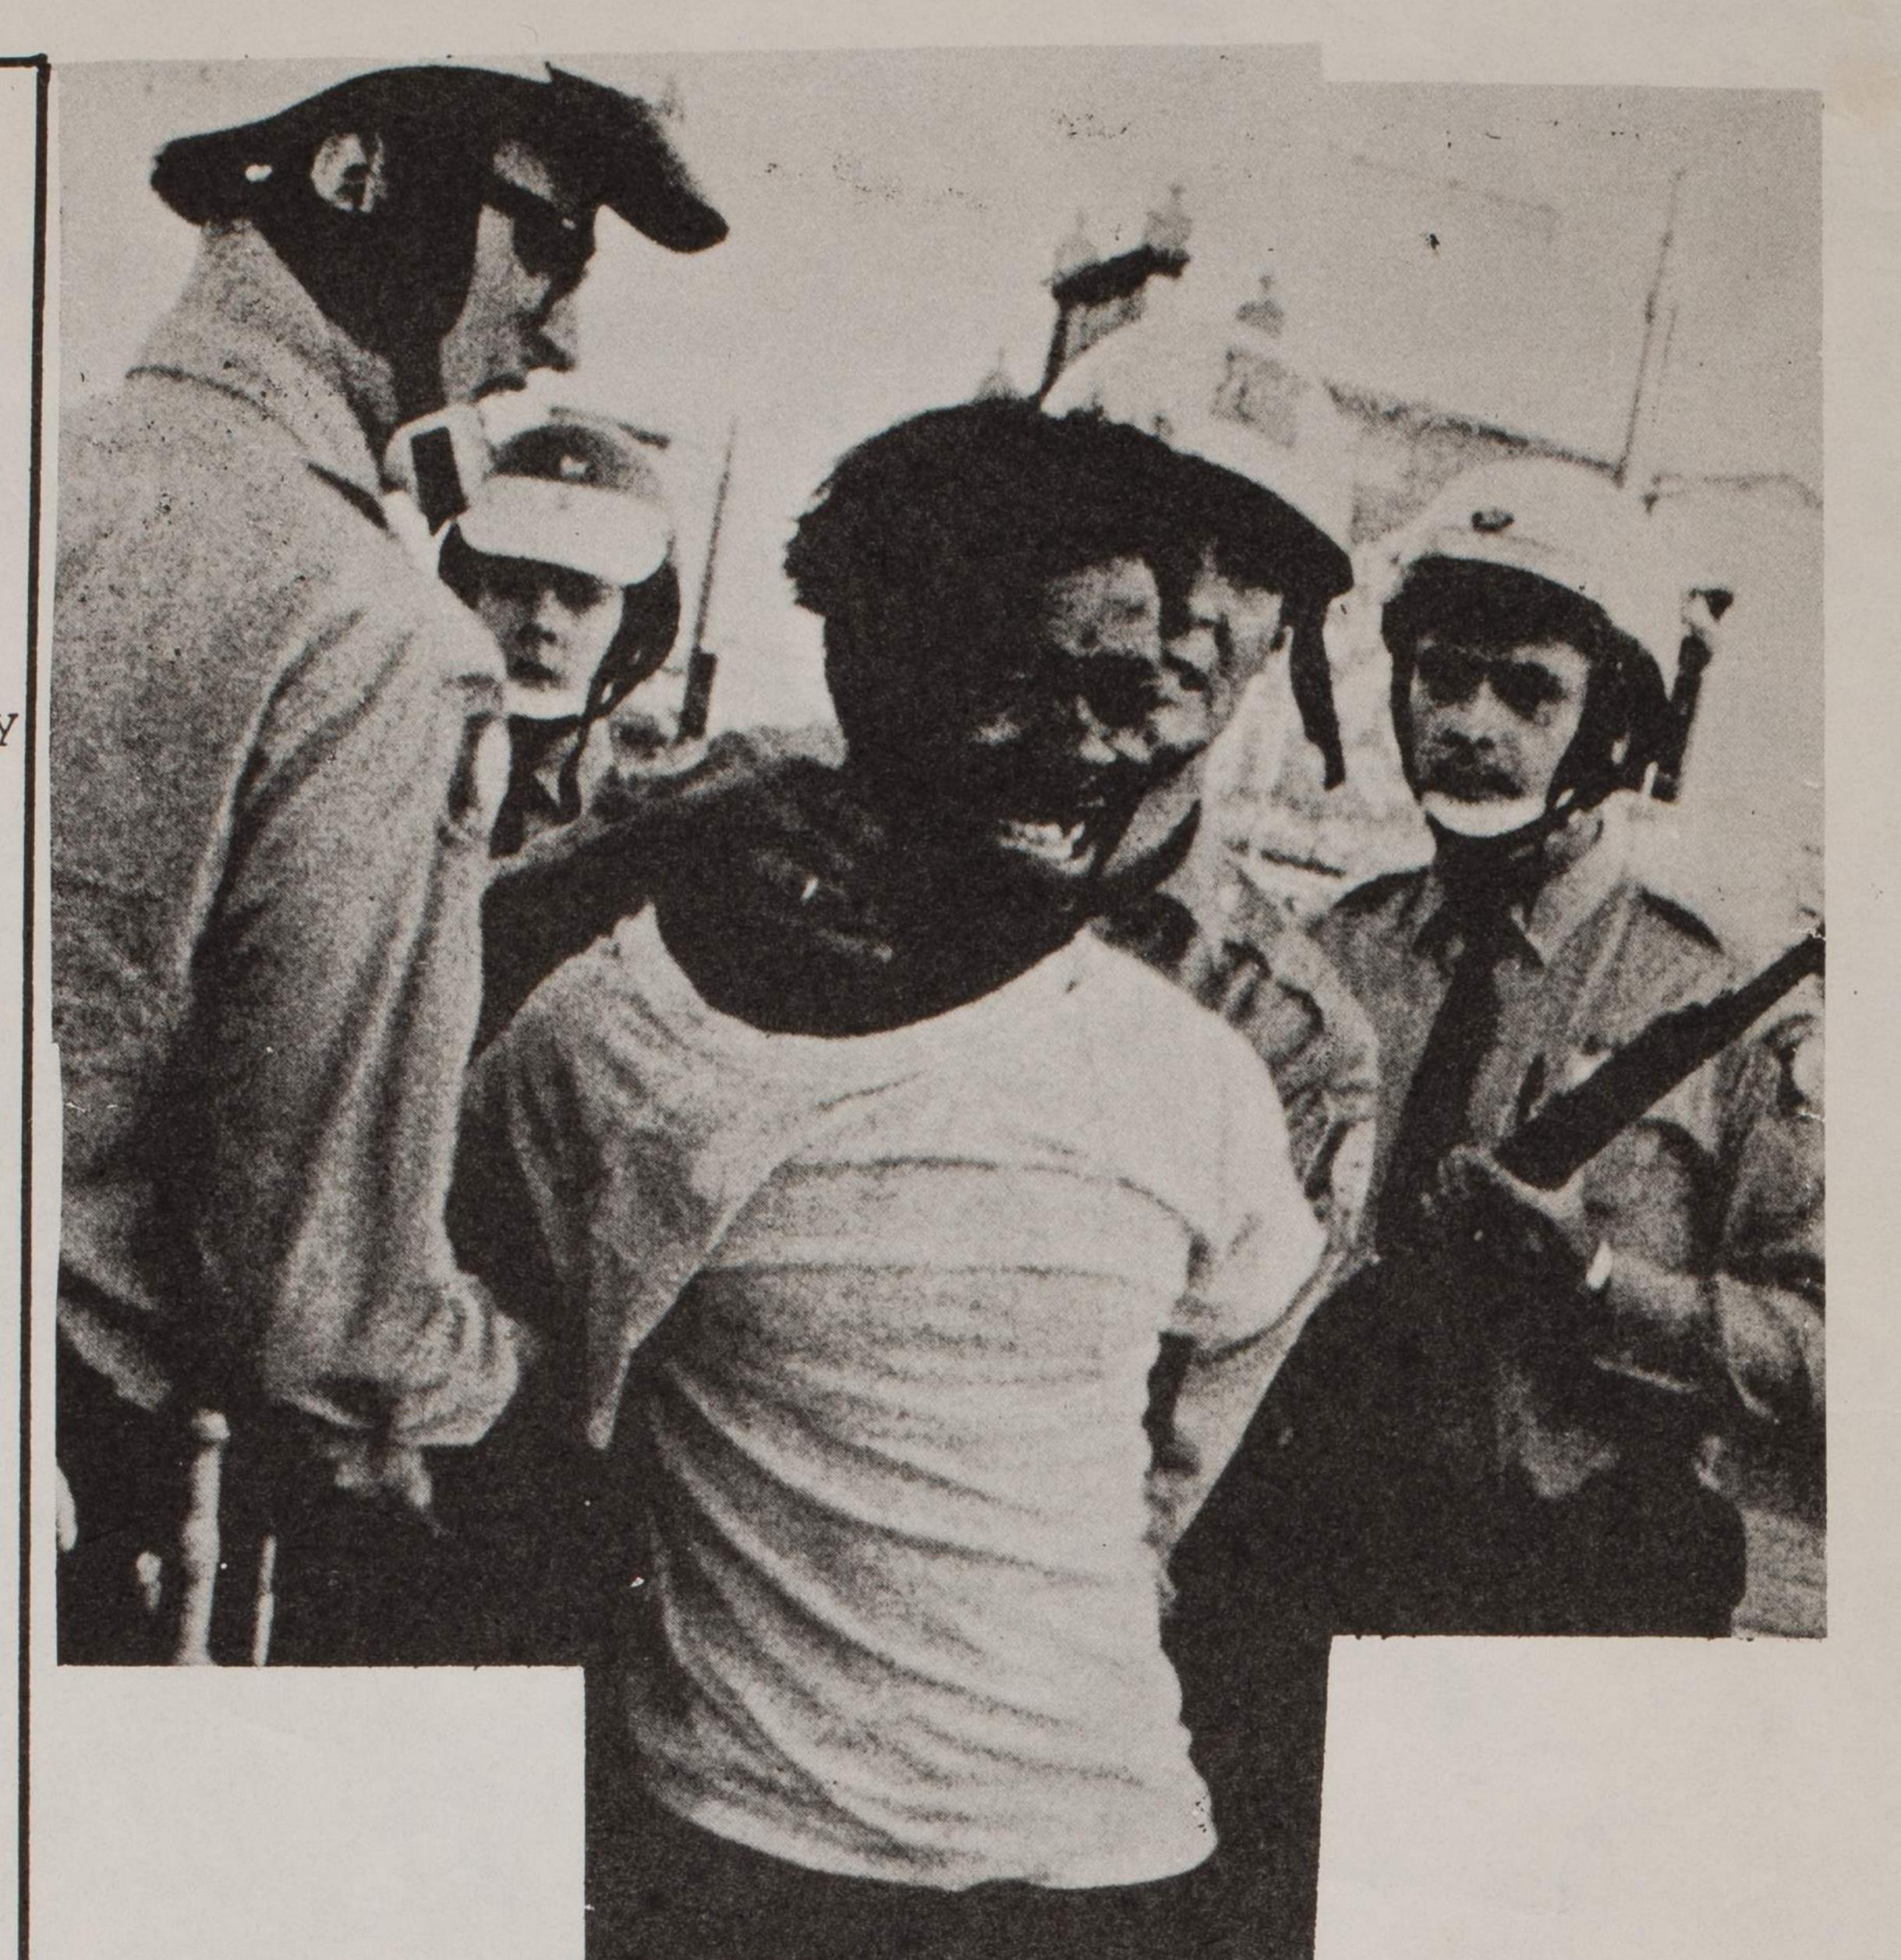

your destruction and ruin, Then, here is my Life! But my Soul belongs to my people. Lasima Tushinde Mbilashaka (We shall Conquer Without a Doubt).

H. Rap Brown and Carmichael have joined and banded together in order to unify the country.

After the bombing in Maryland where Rap is on trial, Carmichael and Brown met and since the meeting, Brown has disappeared and no one, not even the police knows his whereabouts.

What is it going to take for the knee/grow to become aware of the critical situation he has brought upon himself? Many Black people today believe that white America has totally brought on the state of the condition that we suffer from. To me, the knee/grow also has contributed to it. In past history Blacks have revolted and viciously refused to be annihialated -- Then they were less exposed to white nationalistic education, and not being burden from the wasteful knowledge they were able to function in the way of a collective Black force. The Africans descendents here in AmeriKKKa are so brainwashed that they aren't even aware that those "white devils" don't like them, never did and never will! They are so conditioned to the integration philosophy and white values that they themselves are not able to control it. Most of this is due primarily because of the large number of Blacks in universities and other white educational institutions. Unlike our people in the past (pre-civil war past WWI) they are toomeducated, they begin to debate for their civil rights with southern and northern politicians and even to the general white mass. Instead of dealing for human rights not through debating but through active envolvement (by any means necessary) to liberate themselves from the colonialist power. By palarizing themselves from the white devils, they made their positions and worked towards lessening the burden upon his kind.

You didn't hear them talking about Marx and other foolish European philosophies of government. They understood that white European nationalism was in no way related and had no intent to include us; They, more readily attacked the American government than most of us would even think about attacking the chairman of the P.T.A. in New York School! Knee/ grows today are sick! Much more than we were in the past. The Black intellectual is nothing but a farce! No such thing, but a white integrated definition of a stupid, dues paying idiot! Too many white nationalist educated bloods in Black Studies with European values. They wouldn't think of losing their jobs, credentials, and enrollment, etc. In other words, they submit to crackers. The cracker in turn represses us and represses us and still we can't move. Why? Because we want to integrate not segregate. We want to be a part of this society, of devils! With all their irregular sexual hangups, racism, oppressive nature and a destiny that will end up destroyed.

Integration means to assimilate which white people definitely hate! They don't want no nigga marrying their women! Yeah, integration means to assimilate interracial marriage will and must exist, to be truly integration. Just try it fools and see where you get. Nixon and the rest of racist white Amerikkka will try to kill all of us in two hours! Seems to me that if we developed more "Black Universities" Malcom X Universities, and support a Black cause, then they are likely not to keep dumping bad business upon us. Also we should interest ourselves in international

affairs--it will help our struggle greatly. The Black problem is not confined to AmeriKKKa, it is universal, we should all see it that way because there's no other way.

Who is the president of Zambia? Where is Zambia? Where are you without Africa? Love Africa for if it wasn't there, you wouldn't be here. Love Africa because Amerikkkan Blacks need a country to call home.

Think about it. . .

Brother Jake is underground. The pigs He talks of Black capitalism and have issued warrants for his and other other jive, key members of the K.U. B.S.U. arrests. While people in the ghetto's trying For being involved in the Lawerence High Struggle. Lets keep Jake FREE!!!!

With an increasing interest by K.U. Black Students in establishing better campus-community rapport, the Black Student Union is presently sponsoring a Big Brother and Sister Program for Black youths in the community. University Blacks are finally realizing the necessity that our young brothers and sisters be submitted to the influence that we can exert rather than that of this racist institution which presently is sending white students into Black homes with a sack full of goodies.

The program is presently in its fourth week with hopes that it can be continued through the summer. There is a serious need for more participation on the part of our Black students as many requests are made weekly for "Black" Brothers and Sisters.

Now is the chance for all of us who profess to be concerned to take constructive action. The children are interested. But are we?

If you are ready to take action, all you need do is contact the chairman of the Community Concern Committee and all requirements will be explained. Co-Chairmen,
