Dear friends

we recieved your kind letter
Just 8 dayes ago and was glad
to hear from you a gain
you said if you hear a great deal
about Kansis well all you hear
may be true or not but I can
tell you we are in a starving
country or would be if it was not
for what ^{the} other states are a
doing for us you can a make
how the people need your
help when I tel you that there
was seventy five teams past
through over village last Thursd
ay and they had all been up to
Atchason after provisions to keep
them from starving I can't hold
my look out of doors but what
I can see ~~is~~ from one to 3 or 4 and
some 12 or 15 teams either a gain
or a coming from Atchason
