CATTLE, FARMING TOOLS, SEED, &c.—The price of good working cattle, horses, cows, &c., is nearly the same in Kansas and its vicinity as in New England; perhaps rather cheaper. The price of cows has heretofore ranged from \$25 to \$35; oxen per yoke, from \$50 to \$100; horses from \$75 to \$100 each; common sheep from \$1.50 to \$2.50 each.

Working oxen, cows, and horses have been heretofore, and probably hereafter will be, driven into the Territory for sale, from Missouri and elsewhere.—Ploughs, and other implements of Husbandry can be purchased on favorable terms at Lawrence, Topeka, and other of the settlements. So also seed-corn, wheat, potatoes, &c., &c. It is desirable, however, to take choice seed along.

CONSULT COMPANY'S AGENTS.—In regard to these and other purchases, as well as for information about the Territory, desirable places for settlement, investments, &c.; Parties on their arrival out, are recommended to consult Samuel C. Pomeroy, Esq., or Charles H. Branscomb, Esq., both active, highly efficient, and perfectly reliable Agents of the Company, who will at all times, cheerfully and promptly furnish information, and conscientiously advise every one how, in their judgment, he is most likely to advance his own interests, and aid in accomplishing the prime object had in view by the Company.

Any other Agents, who may be from time to time employed, will be instructed to offer every facility that consistently can be done, to all who migrate under the Company's auspices.
