

Leamington Nov 15th 1859

Dr Edw. You best has
been read I am now
through the trials & troubles
of the Campaign & only await
my certificate to set out
for the 36th Congress.

This letter I will get &
I hope shortly, though at this
time a return from Pills
Berk is held in terrorism
over me. It can not beat
me, if it comes. I am now
engaged in settling my
house in order, preparatory
to leaving. I have to day
sent my mules to winter
quarters & broke up my
rooms with a view of
selling the furniture.
I can say proximately
that you may look for
me about this day
fortnight - a day or two
sooner or later, as I may
be able to arrange.
