Gen^l Wm Grindell

Sand Office Leconte

Sir

M. A. 2.
You will remember that I called upon you at the Office of Receiver of Sand Office to claim a Section of Sand on behalf of myself and children as heirs of the late John M. Armstrong of the Wyandott Nation, to whom a section was granted by the treaties of March 17. 1842 and Jan. 31. 1855, made by the U. S. with the Wyandott Nation or tribe of Indians. To satisfy you that I was the proper claimant, I gave you my letters of administration for my husband's estate and certificates from Messrs Lawrence Wyandott Commissioner, & Robinson, Indian Agent and Wyandott Commissioner, and from Wm Walker a well known member of the Wyandott Nation. In addition to those papers, I sent you by mail, soon after my arrival at home, my marriage certificate and an affidavit of my mother, to more fully establish my identity as the widow of the said John M. Armstrong, and my right to transact the business pertaining to his estate. Having not heard whether you had received these letters papers and receiving information from the Commissioner
