Rainy A.M. Sunshine P.M. Split some barrel staves for kindling. Made a potato soup, seasoned with an onion thickened with rice. & steamed dumplings - one cup with blackberries, one apple, made sauce to eat with it. Vesta called. I do not like her as well as I would if she paid her rent in advance as she offered to do. Picked 2 qts of blackberries. Arthur Wood dunned me for pay for 1 1/2 a bushels of oats & 1/2 bushel of grass seed that I gave Sanford money to pay last May. I feel abused & insulted. I don't know who is careless or mean, some one is & I will exact receipts after this - Finished Viro. Read in Pth Sam. &

Sun 13.

Cool & pleasant. Made up my mind to go to Lily Dale, as she asked me. Had a nice bath & got ready. Mrs G. came & said John would take us with his horse & carriage, so I went over & visited with his wife until Mrs G. was ready. Then he drove us to the hill by Mr. Thum's & we walked to the Camp. Paid 15cts at the gate. Enjoyed the band music ever so well but do not fancy the singing - much. A. B. French. Hon. gave us an excellent lecture. in A.M. Went with Mrs G. and found her boys, Warren & Marvin & families eating their lunch. They gave me crackers & cheese, a piece of apple pie & water melon - not in a cordial way I fancied, but it made me hungry to see the rest eating, so I made as if I was welcome. Shook hands with Mr. & Mrs. Little, Mrs. Williamson, Mrs. Eliza Cummings, & Kate & John Cleland. Cora L. V. Richmond lectured P.M. & Maggie Gault gave a few tests. - Mrs G. & I walked home by the road & I got some peppermint & spearmint & set out some roots of each at the back door. - Read in Pth Sam & in an old Ballou Magazine. Had an enjoyable day &
