

missed this band of men pretended
would that they were sent here by orders
of slavery but not so the free states men
number have come out masters of the whole
but whole after all the fuss.

when the pro slavery men carried
the boys to Lawrence the free
states men took the prisoners
from them and released them
undel took the Marshall that carried
them there and put him under 4,000
hands dollars bonds for his care down here
as and my son was summoned to
first testify against him and his pro slavery
gang which we did. if the compromise
had not been made the old Marshall
and his men would have been sent
to prison. they said that they would
drive out all of the free states men
from Lynn and two other counties
if Mr Montgomery had been
a minute to of fought them
