

A7

that especially the food which is of the most
referring sumptuous nature & the waiters are
ons that all free niggers - but as it regard
e entered the food when leave the Boat (it won't
now be always so Ma'am), the river Mis
e & in our is a very difficult river to
rie are navigate full of snag & the stump
others of trees driven together by the current
Spring making some very ugly customer
on the for the vessel to run foul of them
over where there is a great quantity of Sand Bars
were some of them running for miles up
arrived the river & continually shifting so
Mercy that there can be no true chart ma
rrounds de to navigate by consequently
r Baggage they are obliged to be frequently land
possibly the Steam Boat drawing $3\frac{1}{2}$ feet
me of water & the sounding men frequent
may it nly calls out 4 feet scant - so that
on you who are somewhat acquainted
abin with the navigation of rivers can
lapped perceive the caution necessary to
e like save us from running aground &c
