Dear Father and Sisters:-
This is a beautiful Sunday
afternoon, warm enough for
a June day in the States.

We served lunch at 1:30 P.M.
to-day and nothing more
doing until 6:30 dinner.
After dinner I am going
to ride a bicycle down
to see Warlow and the bunch.
The distance being about 5
kilometers from here.

Sure have the best of roads
here, but their course is a
winding one, no section
cross roads, but find signs
at every turn.
