

I wrote a letter to you mom and dad the same day I called you on the phone, concerning my "Birth Certificate". What I later found out that same day, that ~~the~~ copy you now have of my original birth certificate is sufficient enough for the purpose it will serve the Army. Have you already placed it in the mail yet? I hope that it will arrive sometime early in February. Use ~~too~~ the small amount of time I have left in the Army.

How are the "Barstow Bandits", doing these past few weeks? I hope that all is progressing in their favor these days! Give Major, Pauline, Tina and Clint my best wishes! That's also to include the coming days in the months ahead!
