

How is Tina baby and those ring-worms getting along now? I hope that all is well now, and she's feeling just fine and dandy. Give her a big hug and a kiss from her old uncle Jim-a-san. Also tell Pauline and Major they owe me a letter this side of the world due. Give them two my very best wishes for a Happy New Year. That's also to include our own family especially so!

How is my big, fat, little brother getting along these days. Haven't have a letter from him in many, many months past. Give him, his horse an anyother new addition to his own weird family he's started. Is he still up there in Barston living, or has he came back down to Pasadena or Altadena to live. Anyway give the fat buzzard my best wishes.
