

I'm convinced that we will get the mon by 1970 and I'd sure like to be that man."

James A. McDivitt

Urge Revival of Zeppelins

RONN (Times of London iDspatch)—The Association for Aeronautics, an organization founded by a group of engineers and other enthusiasts of airship navigation, says it has established that there is widespread demand among German today for a resurrection of Zeppelins for tourist and holiday purposes.

The results of a public opinion poll apparently show that 75 per cent of those polled consider modern air travel too fast, and sea travel too slow and tedious, and that something in between the two would be welcome to people for whom speed is not a primary consideration but expense is.

QUITS ON WEST COAST

NEW YORK TIMES WILL HALT EDITION

High Costs and Lack of Revenue Terminates News Experiment

New York (AP) — The New York Times announced yesterday that it is discontinuing its West coast edition January 24, thus ending a unique experiment in national journalism.

Arthur Hays Sulzberger, board chairman of the Times, said high costs and a lack of income led to the decision. The West coast edition, published in Los Angeles with editorial material supplied from New York, had a circulation of slightly more than 85,000 in 13 Western states.

Sulzberger said the decision in no way affected the Times' International edition, which is published in Paris and distrib-

uted throughout Europe, North Africa and the Middle East.

The West coast edition was first published October 1, 1962, with all news copy sent from New York. Sulzberger said that in its first year it carried 2,183,902 lines of advertising.

NAME AT THEFT SCENE

Billfold With Cards Found at Car Storage Lot

The thief who used a rope to scale a 10-foot concrete wall and rob a motor car storage lot early yesterday may have dropped his billfold.

One was found in the lot yesterday, complete with identification, and police were seeking a man for questioning.

Motor car accessories valued at \$1,200 were stripped from cars parked in the Broadway Motors storage lot at 208 West Forty-third street. Spare tires, jacks and wheels were among the items taken.

for High Ranking

Columbia, Mo.—James H. Carpenter of Mendon and Ronald LeRoy Hammons of Bynumville, juniors at the University of Missouri, have been awarded Hechler scholarships because of their ranking in scholarship, leadership and character.

The scholarship fund was established by three brothers as a memorial to their parents, George and Eliza Hechler and the awards are made annually to agriculture or engineering students from Chariton County.

MRS. J. J. TAYLOR ILL

Daughter of H. Roe Bartle Undergoes Operations

Mrs. John James Taylor of Fort Worth, Tex., daughter of former Mayor H. Roe Bartle, and Mrs. Bartle, underwent an emergency operation at St. Luke's hospital here yesterday for gall bladder removal and for other surgery. Her condition was said to be satisfactory.

Mrs. Taylor, 39, was flown here Wednesday night.

REDS APPROACH U. S.

Purchase of Oil Refinery Equipment Sought

Washington (AP) — The Soviet Union has sounded out the U. S. government on the possibility of purchasing oil refinery equipment from this country, Commerce department sources said yesterday.

The equipment would be used for a 300-million-dollar, ultra-modern refinery near Moscow.
