1833 CENTURY OF PROGRESS 1933  
CHICAGO WORLD'S FAIR

Olathe, Kan. Dec. 27<sup>th</sup> 1928.

My dear friends: - I trust you would like to know, the effect, the punkle burr symp, had on you, I had just a pint when boils down, and it will be all used <sup>at</sup> in 7 days. & I worked like a charm, the boils and scabs, all gone, now, cleaned them all out, in <sup>at</sup> kind of job.

I, now, want to tell something else, of greater importance; It is about a book I am reading now. Titled "George Muller of Bristol, Eng. and his witness to a Prayer hearing God", written from Muller's daily, journal entries, of God's dealings with him for 45 yrs, at the orphan houses, where thousands were fed & clothed, by voluntary gifts, no man, was asked, for one cent, just praying to God, to send in the supplies. And the Orphans, never missed a meal. If Bayers has not already, delivered to you a Bible, he will shortly, I know, on my orders, & to read Muller's experiences of how God done things by using him as the instrument to do it, will stimulate you to read more in the Bible - that was Muller's secret of success, to read his Bible, to know the will of God, & act on the truth found in Bible.

LOOKING UP SEVENTEENTH STREET

Denver has more than fulfilled the sanguine hopes of her founders. Some come with the expectation of finding a small and anything but metropolitan city. Few indeed expect to find the busy metropolis, the magnificent parks, the mammoth office buildings which are here and which are excelled by few of the older and larger cities of the country.

332. HIGH BRIDGE ON GEORGETOWN LOOP, COLO.

HIGH BRIDGE. The High Bridge is one of the features of the famous Georgetown Loop in Clear Creek Cañon near Silverplume. Georgetown and Silverplume are both historic mining towns founded in 1859, and many interesting landmarks of the early days still remain. Many millions in precious metals have come from the mines, with promise of many yet to come.

### SEVENTY YEARS OF PROGRESS IN THE RAILWAY POST OFFICE

■ In a little car like this, on July 28, 1862, enroute from West Quincy to St. Joseph, Missouri, over what is now a part of the Burlington main line from Chicago to Kansas City and St. Joseph, United States Mail was first sorted while in transit. The purpose was to speed the departure of the overland stage coach from St. Joseph to California.

■ At the right is the modern standard Railway Post Office, in several of which the California and other western mail is now sorted nightly on the Burlington fast mail trains between Chicago and Omaha.

*The old and the new mail cars form a part of the Burlington's exhibit at  
A Century of Progress Exposition*

# POST CARD

This card furnished for mailing in the Postal Car on the Burlington's World's Fair Exhibition Train.

*I am visiting the fair. Had a very good time in H.C. Hope that you will pay me a visit when you come to Milwaukee. Write me at 3208. W. 13<sup>th</sup> St. Milwaukee. Love to all will be looking for you in the near future.*  
*As ever*
