Dear mother,

Just a few lines to let you know that we are O. K. We have had summer weather here for the last few days. It is just wonderful to have some sun shine. I hope that you are having nice weather there along with needed moisture.

I have not ~~so~~ talked with Mrs Nickols for some time. She said the last time that I talked with her that she was getting use to being alone. Do you think that Mary and Rowena will continue to live in that big house. It seems that I can't get much written. I keep looking out the window at folks strolling by in their summer clothes.
