

Hot Springs, Ark.,  
Feb. 12, 1930

Dear Rose;

I rec. your letter and was glad to hear from you as usual. It sure is nice here it is just almost hot I have been wearing my spring coat for over a week. I went up in the mts Saturday and went upon the reservations tower and it sure was cold on top of the tower but down on the ground it was simple hot. Do you think you will pass this year? I don't know whether I will pass or not but I hoped will. When was the last time you was in Demos and who did you see. Did you have your party? Has Marie come home yet? I suppose you have heard that Ella Moore had a baby girl. And that Othella Smith is married. It is so warm that the flies have begin to come in the house.

How is Mr Alexander feeling now? I went to a play last night called Jacobs latter and it sure was a good play. Will when a person can't think of any more to say they have to stop. So I will close for now

With Lots of Love  
Helen Mae Sagers
