

28 just like summer - Bud is  
having his pick up painted - Call for  
Warren to come to Hill City after him  
Warren went by M. Bibb to get papers  
signed - payed Rev for scales - She  
said she might sell every thing  
but where the house is - Oh boy - The  
fence on the school farm is a head  
ache - Tomorrow evening at 7:00  
is it - I don't care if we don't get  
it - We pulled down the old tin fence  
this evening - just another day  
that I thank God for -

We took the old tin bin down  
looks vacant out east with out  
it don't know just what we'll  
make out of it.
