

fruit trees <sup>2</sup> on the  
Western slope here.  
I guess everyone is  
glad that winter is  
about over. Have been  
out in the yard  
racking up leaves &  
sticks. We have had  
a lot of hard winds  
this Spring. It blows  
in so much dirt. There  
is so much to do around  
a house when there is just  
one to do it. So many things  
a woman just can't do  
because it is too heavy.  
all send Love
