

The next time your wife and you are in the area give me a call and I'll really show you Nicodemus. Unfortunately people think it is just what is remaining on the townsite. But it encompasses about 6-8 miles in radius, with 3 other satellite communities where there were schools, churches and cemeteries. I sponsor grand tours of Nicodemus throughout the year so contact me if you're in the area.

We would love to host a Nicodemus reunion here. We could put together a major history program, tour and dinner. Think about and let me know. We have a large township hall that can accommodate hundreds of people. I think its a great idea!

Thank you again for sharing your information with me. If I get anything else about Nicodemus I'll be sure and share it with you.

Sincerely,

Angela Bates,
President
