

February 20, 1995

Dear _____:

I urge you to vote to keep the Kansas State Lottery. Funds from lottery ticket sales mean economic development for Kansas.

Two-thirds of all Kansans voted in favor of the lottery, and citizens' approval of the lottery is confirmed each week by the number of tickets sold.

Kansans will continue to purchase lottery tickets whether they buy them in Kansas or elsewhere. By voting to discontinue the lottery you will be voting to send the funds it generates to other states to be used in the improvement of their economies—and we, as Kansas taxpayers, will be required to fill the void through higher taxes once lottery funding is no longer available.

The Kansas lottery is good for Kansas!

Sincerely,
