Dear 4-H Family:

Well what do you know! Take a look at the enclosed schedule of 4-H events for this years County 4-H Club Day. Isn't that a nice line-up of 4-H numbers? I'm real proud of this years fine participation. A lot of hard work has went into those numbers.

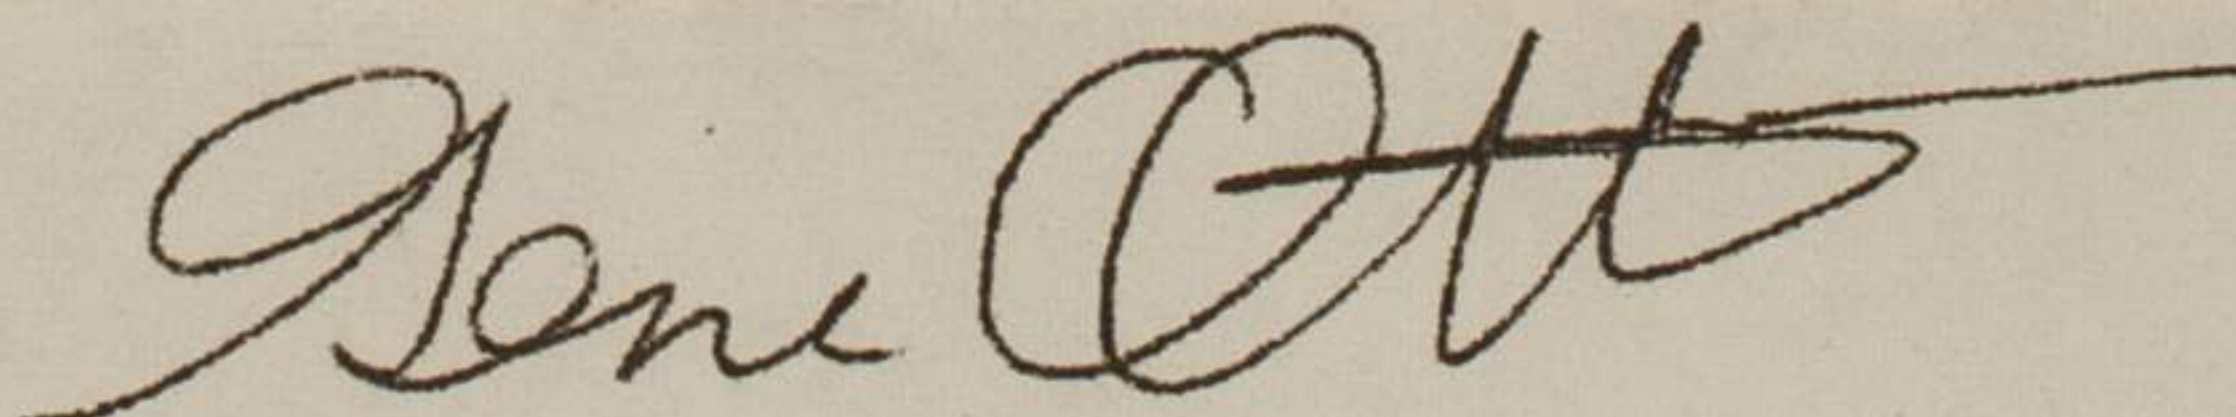

As you may remember, County Club Days will be held this next Saturday, February 16. It will be held in the Hill City High School. Beautiful weather has been ordered so you and your family will be able to attend and enjoy this program.

4-H Club Days are an excellent activity for our 4-H youngsters. It gives them practice in appearing before others. Their self confidence and poise can be strengthened by their participation. They need to have YOU present. A good, attentive audience adds a great deal to 4-H Club Day. In addition, you will be picking up ideas that you may use in your Clubs program.

In case of a storm, listen to the radio for an announcement of our plans. (Weatherman Snyder should announce it, if he can't deliver beautiful weather.)

I hope to see you next Saturday.

Sincerely,

Gene Ott
County Agricultural Agent
