

# Would you consider making a tax-deductible contribution?

Your contribution to Actors' Guild would be earmarked for actual production costs, i.e. costumes, sets, lighting and properties.

And your contribution has an even greater impact. When Actors' Guild applies for additional funding from foundations and government agencies on the state and national level, the company must demonstrate community support at the grass roots level. Your contribution shows those foundations and agencies that you care about the arts in your community!

## Enclosed is my tax-deductible contribution.
