To the Teacher:

Thank you for choosing this production and Black Theatre Troupe in the performance arts for your students. We present this guide for you to share, as you feel it is appropriate, with your class for activities and discussion both before and after attending the play. Black Theatre Troupe would love to hear from you. We would be pleased to get letters from your class telling us what this theatre experience was like and other kinds of experiences they would enjoy in the theatre.
