

Dear Angela,

Santa Fe

Thanks for keeping us on the list, even though payment is tardy! It's been a rough year financially and this is really the first I could send the dues.

We've been enjoying very much the news from Dennis - your all doing a great job & the film & trip to Kentucky, TV shows, etc. are really interesting.

How's your family? Our son Cian just turned 3, and Caitlan will be 5 in July. Will always remember our wonderful stay at your parents' - please tell them hello. You are all always welcome to visit us here! It's a great place to stop on those long trips to California!

I'm moving along towards my degree - slowly but surely. No more coursework, but private reading with professors' guidance. Carroll is very busy with the school as always. We'll be in Kansas the end of next month, may swing north on way home & say hi! Hello to Verge Switzer as well. We'll call if coming, otherwise, let's talk on the phone soon! I'd like to stay in touch.

Best to all,
